

Katostrati... in the Cretan dialect is “down road”. It is a place name of our vineyards in our area. After a lot of experimental “rose” vinification the year of 2015 gave us the desired result. Soft, orange colour delicate nose, tasteful mouth with a long after taste. Then we have a short pass from a barrel. It is produced by native varieties that we cultivate in our own vineyards. It is bottled only in magnum bottles of 1,5 Lt. The year of 2015 gave us 400 bottles.
